Document Tracking Screen Updates

Document Tracking

Document Tracking screen has been moved from KIDS to KIDS TOO. When the user clicks on Document Tracking from the Case menu, KIDS TOO will launch in a new window and open to the Document Tracking screen.

Documents

Filters will allow the user to easily locate uploaded documents in the documents table.

Provider name is now displayed in the Documents table so the user can identify the provider that uploaded the document.

Case Overview

Recent Case Activity, on the Case Overview screen, will display the uploaded documents alerting the user to a new upload.
